School Canteen:

Parliament members met with Vale Catering to discuss the canteen.

Following that meeting the Lesser Hall has been opened on a trial to help reduce queuing.

Parliament members have spoken in assemblies to encourage pupils to use the canteen more.

A survey sheet has been given out to each form to gather information about the canteen and to ask for suggestions for menus – have your form class completed this? – results will be collated and passed to Jane in the canteen for action.

Digital Competency:

Pupils met with Miss Kirker to discuss how pupil's digital needs could be developed and supported in school.

Ideas included:

- reading apps on ipads
- assemblies on e-safety
- more use of google classroom
- some LRC computers need fixing

The School Parliament spoke to the Headmaster about the toilets in the summer term. Following this the Headmaster got the Caretaker to order parts to replace broken door locks, broken toilet seats and put mirrors in the downstairs toilets.

The toilets are cleaned EVERY DAY.

However a small minority of pupils are not respecting the toilets in school and this means they are not a nice place for other pupils.

PLEASE, PLEASE, PLEASE look after the toilets.

Charlotte Attwell, Tegan Goodwin and Tiger Standen are representing Bryn Hafren at the **Vale Youth Forum**, a group that discusses issues that affect young people in the Vale of Glamorgan. Look out for any information about this group on the Parliament notice board in the main entrance.
